

Public Notice

The City of Prineville Transportation Department will begin their annual street paving project on Monday, August 8th. The project is expected to last all week finishing on Friday, August 12th. The project will begin on North Main Street at 6am on Monday, August 8th. The Main Street portion will begin at the intersection of 10th/Lamonta and terminate at the intersection of NE Mariposa. We will be grinding the north and south traffic lanes and then on Wednesday, August 10th repave the lanes. During construction, flaggers will be in place and we will utilize the center turn lane to keep traffic flowing. From North Main, we will move to NW Gardner Road, where we will grind on each end of Gardner to allow a smooth connection to intersecting streets and then repave. This work is expected for late Monday, August 8th and again late on August 10th. For residences accessed by Gardner, you can expect delays as flaggers control each end of Gardner. And finishing up we will grind and repave NE Elm Street from the NE 6th intersection to NE Loper Avenue. This work is scheduled for Wednesday and Friday, August 10th and 12th. This schedule may change due to wet weather or other uncontrollable events. For questions or concerns, please feel free to contact Scott Smith @ 541-419-3165
