**From:** Scott Edelman, Senior Planner  
**Date:** February 6, 2008  
**Re:** Ordinance 1150 – Amending Chapter 153

---

The purpose of Ordinance 1150 is to amend Chapter 153, Land Development in the City of Prineville Code of Ordinances. These amendments are to procedural language and do not affect the substance of the land development provisions. The Planning Commission reviewed the original amendments proposed by staff in workshops on October 16 and November 20. After making several changes through discussion at the workshops, the Planning Commission held a public hearing on the proposed changes on December 4. There were no members of the community who spoke in favor of or against the proposed changes. The Planning Commission voted 6-0 in favor of recommending the amendments to Chapter 153 of the Code of Ordinances as described in the attached document.

The amendments recommended by the Planning Commission were considered by the City Council at regular Council meetings on December 11, 2007 and January 8, 2008. Through these meetings, the Council made additional changes to the proposed amendments as a result of input from Councilors and the City Attorney. At the January 8 meeting, the Council indicated that they were prepared to move forward with a public hearing to consider an ordinance implementing the proposed amendments. This hearing will be held during the City Council meeting on February 12, 2008.

In order to provide the Council and the public with a clear understanding of the proposed changes, this draft of the ordinance includes color coding to indicate the text to be amended. Proposed language to be added is in **bold red font**. Proposed language to delete is in underlined blue font. At the advice of the City attorney, the ordinance presented at the second reading will not include the color coded font but only the language as it would appear in the Code of Ordinances.

~~\_\_\_\_\_ (J) \_\_\_\_\_ The amount the owner claims as compensation under Oregon Constitution Article I, Section 18, subsections (a) through (f) in the event a variance from the regulation is not granted. #### **§ 153.214 APPLICATION COMPLETENESS AND ACCEPTANCE FOR FILING.**

~~\_\_\_\_\_ An application shall not be deemed filed with the city until it is complete in accord with the provisions of § 153.213 of this subchapter. Within 15 days following tender of an application under § 153.213 of this subchapter, the Planning Director shall review the application to determine whether it is complete and ready for filing. Thereafter:~~

~~———(A)—— If the Department determines the application is not complete, it shall, within that 15-day period, inform the applying owner in writing of the additional information necessary to make the application complete and ready for filing. The application shall be deemed complete and filed as of the date of receipt of the additional information. If the Department believes there is doubt, under Oregon Constitution Article I, Section 18, subsections (a) through (f), as to whether the additional information can be required as a condition of acceptance of filing of the application, the Department also may inform the applying owner in writing that although the Department considers the application not complete and ready for filing, the Department nevertheless will proceed to process the application if the additional information is not supplied by a date set by the Department.~~

~~———(B)—— If the Department determines the application is complete as initially filed, or if it fails to notify the applying owner of the application's incompleteness within the required 15-day period, then the application shall be deemed complete and filed as of the date of its tender to the Department.~~

~~(Ord. 1087, passed 11-28-00)~~

**Submittal, acceptance and completeness of an application for a variance shall be in accordance with the policies and procedures set forth in section § 153.251 et seq.**

#### **§ 153.215 DEPARTMENT REVIEW OF APPLICATION AND REPORT TO CITY COUNCIL.**

~~———The Department of Planning and Community Development following filing of a complete application for a variance/compensation under this subchapter and consideration of the information included in the application and any other evidence obtained or received by the Department, shall determine whether a variance is necessary to avoid the owner's being entitled to compensation under Oregon Constitution Article I, Section 18, subsections (a) through (f), and if so the extent of the variance needed to avoid the owner's being entitled to such compensation and the amount of compensation to which the owner would be entitled without a variance. If the Department determines that a variance is needed to avoid the owner's being entitled to compensation, the Department shall compare the public benefits from application of the regulation to the owner's private real property to the public burden of paying the required compensation to the owner if a variance is not granted, taking into consideration the financial resources of the city for the payment of such claims. Based on this comparison, the Department shall prepare a written report to the City Council stating its determinations and the evidence on which they are based; and, if the Department has determined that a variance is needed to avoid the owner's being entitled to compensation, making a recommendation either to grant a variance that will avoid the owner's being entitled to compensation, grant a variance that will not avoid but will reduce the compensation to which the owner is entitled and pay the reduced compensation, or deny a variance and pay the compensation to which the owner is entitled. The Department shall provide the written report to the City Council. For purposes of Article 9 of the City's Zoning Ordinance, the Department's preparation and provision of the written report shall not be considered an administrative action.~~

~~(Ord. 1087, passed 11-28-00)~~

**Review of an application for a variance shall be in accordance with the policies and procedures set forth in section § 153.254 et seq.**

**§ 153.216 PROCEDURES FOR ACTION ON VARIANCES.**

The procedure for taking action on an application for a variance shall be in accordance with the policies and procedures set forth in sections §153.254 through §153.256 et seq., as follows as well as the following:

(A) Minor variance. ~~An application for a minor variance may be approved by the City Planning Official in accordance with the following provisions:~~

~~(1) Upon receipt of an application for a minor variance, the Planning Official shall mail a notice of the subject application to all property owners within 100 feet of the subject property within five working days of the receipt thereof.~~

~~(2) The notice shall provide an opportunity for objections and comments relative thereto, and shall provide a minimum period of not less than seven days for the response. A copy of the notice shall also be sent to the applicant, each member of the City Planning Commission, the City Superintendents of Public Works and Streets and any other identified affected parties.~~

**(1) Notice shall be sent to persons entitled to notice under section 153.255.030 in accordance with section 153.254.030.**

~~(32) Following conclusion of the response period, if no objections to the subject application have been received, the Planning Official may approve, approve with modifications and/or conditions, deny either process the variance as an administrative decision or refer the application to the Planning Commission for public hearing.~~

~~(43) If one or more objections are received, the subject application shall be referred to the Commission for public hearing.~~

~~(5) Whatever action is rendered by the Planning Official shall be made within five working days following the end of the response period, and a copy of the action shall be mailed or otherwise delivered to the applicant and all participating parties.~~

~~(64) The Planning Official or Planning Commission shall only grant the variance request if the applicant provides clear and substantial evidence of a practical difficulty or unnecessary hardship.~~

**(B) Major variances and minor variances not processed administratively shall be referred for Planning Commission action.** Before the Planning Commission may act on any variance request, the Commission shall conduct a public hearing in the matter thereof in accordance with the following requirements policies and procedures set forth in section § 153.255 et seq.

~~\_\_\_\_\_ (1) Upon receipt of an application for a variance, including a minor variance referred by the Planning Official, notice of a public hearing shall be sent to the applicant and all property owners within 100 feet of the subject property as the names and addresses thereof are shown on the last available County Assessor's assessment roll. Failure of a person to receive the notice shall not invalidate any proceedings in connection with the subject application. The notice shall be mailed or otherwise delivered not less than 21 days prior to the hearing date.~~

~~\_\_\_\_\_ (2) In addition to the individual mailed notices, a notice of the hearing shall be published one time in a newspaper of general circulation in the city not less than ten days prior to the date of the hearing.~~

~~\_\_\_\_\_ (3) Following the hearing on the subject application, the Commission may approve, approve with modifications and/or conditions or deny the application. The Planning Official shall provide written notice of the Commission's decision to the applicant, all participating affected parties and any persons specifically requesting the notice within five working days of the Commission's decision thereon.~~  
(Ord. 1057, passed 3-24-98)

#### **§ 153.217 TIME LIMIT FOR VARIANCES.**

#### **~~§ 153.218 SCHEDULING AND NOTICE OF CITY COUNCIL HEARING.~~**

~~\_\_\_\_\_ At or about the time of the Department's providing the written report prepared under § 153.215 to the City Council, the City Manager shall schedule a City Council public hearing on the application for variance/compensation. In addition, the Department of Planning and Community Development shall give notice of the public hearing and in its discretion may give additional notice of the public hearing as follows:~~

~~\_\_\_\_\_ (A) The Department shall mail written notice of the public hearing, at least ten days in advance of the initial hearing date, to the applying owner and any other owners of the private real property as to which the owner is applying for a variance/compensation; to the owners of record of property within 100 feet from the exterior boundary of the private real property as to which the owner is applying for compensation as reflected on the most recent property tax assessment roll; and to any neighborhood or community organization recognized by the City Council and whose boundaries include the private real property as to which the owner is applying for compensation.~~

~~\_\_\_\_\_ (B) The notice mailed under division (A) of this section shall contain the following information:~~

~~\_\_\_\_\_ (1) The City Council will be holding a public hearing to determine whether an owner of private real property is entitled under Oregon Constitution Article 1, Section 18, subsections (a) through (f) to receive either compensation or a variance from a city regulation and, if so, to determine whether to pay compensation or grant a variance;~~

~~\_\_\_\_\_ (2) The date, time, and place of the City Council public hearing;~~

~~\_\_\_\_\_ (3) The name of the applying owner;~~

~~\_\_\_\_\_ (4) The common address or other easily understood geographical reference to the private real property as to which the owner is applying for a variance/compensation and a map showing its location;~~

~~\_\_\_\_\_ (5) The regulation in relation to which the owner is applying for a variance/compensation;~~

~~\_\_\_\_\_ (6) The amount of compensation claimed by the owner if a variance is not granted;~~

~~\_\_\_\_\_ (7) The possibility that the City Council, following the public hearing, will grant the owner a variance from the regulation in relation to which the owner is applying for a variance/compensation, rather than paying the amount of claimed compensation. The City Council's decision will be based on: (1) a determination whether the applying owner is or will be entitled to compensation under Oregon Constitution Article 1, Section 18, subsections (a) through (f) unless the city grants a variance from the regulation; and, if so, (2) a comparison of the public benefits from application of the regulation to the owner's private real property to the public burden of paying the required compensation to the owner if a variance is not granted, taking into consideration the financial resources of the city for the payment of such claims;~~

~~\_\_\_\_\_ (8) The name of the city representative to contact and the telephone number where additional information may be obtained;~~

~~\_\_\_\_\_ (9) A copy of the application, all documents and evidence relied on by the applying owner, and the Planning Department's report to the City Council are available for inspection at no cost and will be provided at a reasonable cost;~~

~~\_\_\_\_\_ (10) Written testimony may be submitted to the Planning Department at any time prior to the hearing for inclusion in the hearing record and also may be submitted at the hearing, and oral testimony may be given at the hearing.~~

~~\_\_\_\_\_ (11) It is not certain whether an action of the City Council under this subchapter is subject to appeal to the Land Use Board of Appeals or to any other appeal tribunal. However, if any person has the right to appeal an action of the City Council under this subchapter, the failure of an issue to be raised in the hearing before the City Council, through written or oral testimony, in a manner sufficient to afford the City Council the opportunity to respond to the issue, will preclude an appeal to the Land Use Board of Appeals or another appropriate appeal tribunal based on that issue.~~

~~\_\_\_\_\_ (C) In addition, the Department, in its discretion, may publish the notice described in division (B) of this section in a newspaper of general circulation in the city and may give notice by such other means as the Department deems appropriate. The failure of the Department to give notice as provided in this section, or the failure of any person to receive notice given under this section, shall not invalidate any action of the City Council under this chapter.~~

~~(Ord. 1087, passed 11-28-00)~~

### **§ 153.219 CITY COUNCIL HEARING AND ACTION.**

~~\_\_\_\_\_ (A) Hearings. The City Council shall hold a public hearing on the application for a variance/compensation. The hearing shall be legislative in nature. At the close of the hearing, the City Council: (1) shall determine whether the applying owner is or will be entitled to compensation under Oregon Constitution Article 1, Section 18, subsections (a) through (f) unless the city grants a variance from the regulation and if so; (2) shall compare the public benefits from application of the regulation to the owner's private real property to the public burden of paying the required compensation to the owner if a variance is not granted, taking into consideration the financial resources of the city for the~~

payment of such claims. If the City Council has determined that either compensation or a variance is required, then based on this comparison:

~~\_\_\_\_\_ (1) If the City Council finds that the public burden of paying the required compensation, taking into consideration the city's financial resources for the payment of such claims, is sufficient to justify sacrificing the public benefits from application of the regulation to the owner's private real property, the City Council shall grant a variance from the specified regulation to the extent necessary to avoid the owner's being entitled to compensation;~~

~~\_\_\_\_\_ (2) If the City Council finds that the public benefits from application of the regulation to the owner's private real property are sufficient to justify the public burden of paying the required compensation, taking into consideration the city's financial resources for the payment of such claims, the City Council shall deny a variance from the specified regulation and the city shall pay the required compensation;~~

~~\_\_\_\_\_ (3) If the City Council finds that some of the public benefits from application of the regulation to the owner's private real property are sufficient to justify the public burden of paying some of the required compensation, taking into consideration the city's financial resources for the payment of such claims, but that other of the public benefits are not sufficient to justify the public burden of paying the balance of the required compensation, taking into consideration the city's financial resources for the payment of such claims, the City Council shall grant a variance to the limited extent necessary to avoid the owner's being entitled to compensation as to that part of the specified regulation providing public benefits not sufficient to justify the public burden of paying compensation and the city shall pay the required compensation as to that part of the specified regulation as to which a variance is not granted. The City Council's decision shall be by a written order that shall include the findings and conclusions based on which the City Council has made its decision and, if the City Council has determined that a variance should be granted or compensation should be paid, or both, the extent of the variance granted or of the amount of the compensation to be paid, or both.~~

~~\_\_\_\_\_ (B) Attorney fees. If an owner commences suit or action to collect compensation under Article 1, Section 18 of the Oregon Constitution and the city is the prevailing party in such action, then city shall be entitled to any sum which a court, including any appellate court, may adjudge reasonable as attorney's fees.~~

~~(Ord. 1087, passed 11-28-00)~~

#### ~~§ 153.220 CONDITIONS BASED ON FUTURE COURT DECISIONS.~~

~~\_\_\_\_\_ If the City Council grants a variance or limited variance as a means to avoid having to compensate, or as a means to limit compensation to, an owner or owners under Oregon Constitution Article I, Section 18, subsections (a) through (h), and if, based on an appellate court interpretation or invalidation of Oregon Constitution Article I, Section 18, subsections (a) through (h), in the same or another case, the applying owner was not entitled to compensation in relation to the regulation from which the variance was granted, then the variance or limited variance shall be deemed to have been invalid and ineffective as of and after the date of the City Council's order granting the variance or limited variance. Any such invalidity and ineffectiveness shall be limited as necessary to avoid the city being required to compensate the owner under Oregon Constitution Article I, Section 18, subsections (a) through (f). Any city payment of compensation to an owner~~

~~under this subchapter shall be conditional on the owner's signing an agreement that if an appellate court interprets or invalidates Oregon Constitution Article 1, Section 18, subsections (a) through (h), in the same or another case, in a manner such that the applying owner was not entitled to compensation in relation to the subject regulation, then the owner will repay the compensation received by the owner to the city.~~  
(Ord. 1087, passed 11-28-00)

~~§ 153.221 NOTICE OF CITY COUNCIL DECISION.~~

~~————The Department of Planning and Community Development shall mail a copy of the City Council's written order to the applying owner and to all other persons who submitted written or oral testimony at the City Council hearing. The failure of the Department to give notice as provided in this subchapter, or the failure of any person to receive notice given under this subchapter, shall not invalidate any action of the City Council under this chapter.~~  
(Ord. 1087, passed 11-28-00)

~~§ 153.222 EXTENT OF VARIANCE IN CASE OF COURT REVIEW.~~

~~————If the City Council has taken an action under § 153.219 and the owner nevertheless files a court action seeking compensation in the case of § 153.219(A), or additional compensation in the case of § 153.219(B) or (C), from the city in relation to the specified regulation as it affects the owner's private real property, and if a final court decision determines that the extent of the variance specified as bring granted by the City Council was not sufficient to avoid the owner's being entitled to compensation or additional compensation, then the extent of variance granted by the city shall be deemed to be the extent of variance necessary to avoid the owner's being entitled to compensation or additional compensation, effective as of the date of the City Council's decision.~~  
(Ord. 1087, passed 11-28-00)

~~§ 153.223 TERMINATION OF VARIANCE.~~

~~————Any variance granted under this subchapter automatically shall terminate on the occurrence of an event following which any owner or future of the private real property that is the subject of the variance will not be entitled to compensation under Oregon Constitution Article 1, Section 18, subsections (a) through (h) in relation to the regulation from which the variance was granted.~~  
(Ord. 1087, passed 11-28-00)
