Self Employed Biodynamic Farmer and Yoga Instructor  
Retired Secondary School Administrator

I want to be of service to my community. I appreciate Oregon's land use laws and the citizen boards that govern how our state grows and develops. Having lived in Crook County for nearly 20 years, having seen the positive growth in this county, I want to offer my service to the City of Prineville.

I bring to the planning commission my experience of nearly 10 years on the Crook County Planning commission. I bring my experience in helping Senate Bill 100 come to fruition as a student volunteer in 1973 in Klamath County. I bring to this position family experience with water law changes that affected the Klamath River Basin. I bring my current experience as a member of the Governor's Task Force on Fish Passage.

I graduated from Henley High School in Klamath Falls. I attended Oregon State University and transferred to George Washington University. I graduated in 1979 with a degree in Human Kinetics and a minor in education. I received my Master's degree from Northern Arizona University in special education. I received my Administrative Certificate in 1990 from the University of Oregon.

My educational experience and professional careers have taught me the value of listening, relying on the experts, and knowing the ordinance or laws which pertain to the case at hand. Serving as a citizen volunteer means working as a team with the others on the panel, learning from the professionals in the field and upholding state, city and county ordinances as they are applied.

Being self employed, I am able to attend meetings in the afternoons and most evenings. Please consider my application for a position on the Prineville Planning Commission.
