Ordinances:

A. Ordinance No. 1225 - Related to Excluding Certain Persons from Public Property (FIRST READING) – Captain Larry Seymour

Carl Dutli, City Attorney went over the two changes made to the ordinance after council review. Those changes were that a hearings officer would be appointed by the city manager and notification would be made when a person is excluded with the chief promptly entering the information into an exclusion data base.

There were discussions regarding questions and examples of behavior heard from citizens; all of the efforts being made to connect those they come in contact with to other resources for help; this is not being used as a bullying tactic; the ordinance is a tool and it can definitely be revisited in the future to see how it is working; and this will make it easier on all officers by reducing repeated response times.

Captain Seymour added that the first year after passage is usually based on communication and will try to track when someone is verbally told or paper warnings are issued.

It was also recommended that the Public Safety Committee can review how the ordinance is working.
