

City of Prineville
DEPARTMENT OF PLANNING & COMMUNITY DEVELOPMENT
PLANNING COMMISSION RECOMMENDATION

File No.: AM-2024-101
Applicant/Owner: City of Prineville
Location: City of Prineville
Notice to DLCD: 4/9/2024
Newspaper Notice: Planning Commission Notice – 5/7/2024
Public Hearing: Planning Commission – 5/21/2024
Staff: Joshua Smith,
Planning Director
Proposal: Amend Comprehensive Plan Chapter 8 (Public Facilities & Services) and adopt updated Water System Master Plan (2023) and updated Wastewater Facilities Plan (2024).

Background

The City of Prineville adopted our current Comprehensive Plan in 2007 by Ordinance 1143. The Current Comprehensive plan includes Chapter 8 that focusses on “Public Facilities and Services”. While various master plans have been updated individually over the years, Chapter 8 has not. The Water System Master Plan was last updated in 2017 by Ordinance 1237. The Wastewater Facilities Plan was last updated in 2018 by Ordinance 1239. The Planning Commission reviewed the proposed update to Chapter 8 at their regular meetings on 9/19/2023 & 10/17/2023.

Consistent with Statewide Planning Goal 11 – Public Facilities and Services

Oregon Statewide Planning Goal 11 calls for efficient planning of public services such as sewers, water, law enforcement, and fire protection. The goal's central concept is that public services should be planned in accordance with a community's needs and capacities rather than be forced to respond to development as it occurs.

Planning Commission Conclusions and Recommendation

The proposal will update the City's Water System Master Plan, the Wastewater Facilities Plan and amend Chapter 8 of the City's Comprehensive Plan. Chapter 8 maintains much of its original content, but is now simplified; with updates to terms, goals, policies, and facilities. There are still two primary goals; however, policies and programs have been combined and general statements have been removed. The result is 12 policies from the original 40 programs and policies. The Chapter is now more concise and reflects a common set of goals and policies with references to various facility plans and franchise agreements that will allow the City of Prineville to work more effectively in providing public facilities and services to meet the current and future needs of the citizens of Prineville.
