Regular Meeting (5:30 P.M.)

- I. **Call to order:** With time constraints due to sunset the Commission did not formally call the meeting to order. Staff and the Commission waited until 5 minutes passed 5:30 to ensure no public was wanting to attend the meeting and then loaded into vehicles for the scheduled tour of the Barnes Butte recreation area.

II. **Planning Commission Matters:**

- A) Staff took the Planning Commission on a brief tour of the Barnes Butte Recreation area to get a better understanding of the plans and happenings of the area. The tour was advertised on the City's website and listed on the agenda for the meeting.

On the tour City staff drove the Commission to the plateau above the track, where they explained and handed out conceptual plans for a visitor center and additional recreational amenities around the track area. The tour then took the Commission around the northern reaches of the property along where a paved loop trail is planned. The tour ended at the bridge over the wetland and along a stretch of newly paved trail that now connects multiple neighbourhoods.

Tour ended: 6:47 P.M.
